

Farm Veterinary Surgeon

Fram Farm Vets

Job Description

An opportunity has arisen for two dedicated Farm Veterinarian Surgeons to join an innovative practice in East Anglia. Day to day duties include both routine and emergency farm calls across all livestock species and game birds. The anticipated client base will vary from larger livestock enterprises through to smallholders.

High level communication skills will be a key requisite for the successful candidates, allied to a high degree of self-motivation and worth, all helping to form a unique combination. This combination will be the catalyst to a strong, long-term working relationship with our farming clients. A strong focus on animal health and welfare with a drive for preventative medicine are key attributes to both your success and that of our clients.

You will be provided with all the tools necessary to carry out your work to the highest standards, we strongly value innovation and creativity, observing the existing legislative frameworks.

Ideally the candidates will be based in the Norfolk, Suffolk, or Essex area.

We will provide a fully funded CPD allocation, highly competitive salary plus other benefits that come with being part of the business.

If you are interested in this opportunity to be at the forefront of this exciting venture and want to shape the practice 'your way' then please contact us.
